MEMBER COMMUNICATION

October 15, 2026

Greetings to our Sharing Alliance™ members! It was so great to be together celebrating our 34th Sharing Conference last week! We appreciate you sharing your time and perspectives.

We are also grateful to all our speakers for generously contributing their knowledge and insights.

Here are a few items we want to share with you:

2026 Sharing Conference™ Presentations
Workshop slide decks have been added to the Members Only section of sharingalliance.org. Access them, along with past conference archives, by logging in to Members Only with your unique password.

Sharing Conference™ Directory
If you were looking for the Conference Directory, we've gone digital. You can find the link here. The Directory can also be found using the drop-down menu on sharingalliance.org.

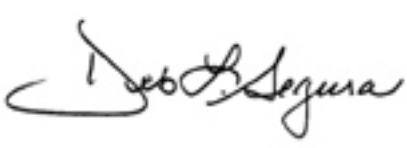
Alliance Member Survey
We want to know what your thoughts are about this year's event. What did you think of the agenda? Please take a minute to answer a few questions for us. You can use this link or the survey link in the app.

Sharing Conference Certificate of Participation
Personalized Certificates of Participation are available for the 2026 Sharing Conference. Send your request to membership@sharingalliance.org and include your name and company name exactly as you wish them to appear on the certificate.

Open Forums
Open Forum discussions have long been a staple at the Sharing Conference. Thanks to all who got up early and participated. We'll be keeping the conversation going with Open Forum calls coming next year. If there's something on your mind you want to discuss with your colleagues, send me an email and we will work on including it in an upcoming Open Forum call for Alliance Members.

Compliance Services and Solutions
Throughout the year, the Alliance receives calls and emails from both members and non-members looking for a vendor that offers a specific service. While the Alliance does not endorse or recommend specific vendors, we always refer them to the Compliance Services and Solutions section on the Alliance website. We encourage everyone to make use of this handy resource! It's on the website and also in the Conference Directory.

And finally, please stay in touch with me throughout the year. I love hearing from you. Whether it is a compliance question for the board, or you just want to say hello, the Sharing Alliance is here to support you in the important work you do!



Deb Segura
Alliance Executive Director
