

**STRONGER
TOGETHER**

The 2023 Sharing Conference™

COMPLIANCE | TRANSPARENCY | PDMA | OIG

Marriott Marquis Marina
San Diego, CA • April 30 - May 2

Here's where you need to be next month to connect with compliance and commercial operations professionals looking for the latest in products, services and technology.

When you exhibit at the Sharing Conference, you have the opportunity to network in a relaxed atmosphere while gaining significant facetime with customers and prospects. You'll also have the chance to participate in educational sessions and hear first-hand from conference attendees looking to improve their knowledge and discover new product and technology solutions.

Early bird booth package rates are still in effect, but not for long

Need a reason to exhibit?

- This is the original Sharing Conference™, created *"by the industry, for the industry"*
- We focus exclusively on regulatory compliance education for pharmaceutical, medical device and biotech companies, with participation from industry, government and the vendor community
- Our vendors have access to the same learning and sharing sessions as industry attendees: dollar for dollar, there is no comparison between what we charge and what we deliver
- Whether selling in the exhibit hall, sharing knowledge in a learning session, or conversing over a meal, there's plenty of opportunity to showcase your company as a valued vendor partner
- Industry attendees understand the educational value and service solution components our vendor partners bring to the annual conference – they want to spend time with YOU!

If you offer product and service solutions in these areas, exhibit and become a Sharing Conference vendor partner:
