Case Study Announcement

Sharing Conference™ Sponsor **MedPro Systems** is proud to announce their participation in this year's Case Study Program with the submission:

Automated Veterinary License Data Capture & Validation

When a national, rapidly expanding e-commerce pet pharmacy desired to streamline the growing complexity of their manual veterinary license data capture and validation process, they turned to MedPro Systems for help.

To receive the full case study and learn the results, visit MedPro booth #4.

MedPro Systems is the Life Sciences industry's most trusted partner to support business and regulatory challenges.
